

**CITY OF BREA  
MEMBER OF THE CITY COUNCIL**

**MARTY SIMONOFF**

**AGE: 54**

**OCCUPATION:** Retired Police Captain

As your Councilmember I have worked closely with all Brea citizens and organizations to insure that their concerns are heard and considered. This philosophy helped develop consensus on the Puente and Central Shopping Center, the future development of South Brea, acceptance of our new General Plan, and the maintenance of our City's fiscal health.

I approved the purchase of the land for Brea's Sports Park; our community will now design this long-time Brea dream. I increased Brea's park space through both Founders and Olinda Ranch parks.

I have worked to protect Brea's open space and backdrop. I also supported the agreement to establish the Brea Museum and Historical Center.

But, there is still work to do on growth and density issues impacting our hillsides, maintaining a balanced budget despite State takeaways, and managing ever-increasing traffic, to mention a few.

These uncertain times demand experienced and thoughtful leaders. I bring the experience, judgment, and commitment necessary to successfully guide our community through the coming years.

I would like to serve you again during the next four years and I ask for both your support and vote.
